

ZW Data Action Technologies Reports Second Quarter and First Half 2022 Unaudited Financial Results

August 19, 2022

BEIJING, Aug. 19, 2022 (GLOBE NEWSWIRE) -- ZW Data Action Technologies Inc. (Nasdaq: CNET) (the "Company"), an integrated online advertising, precision marketing, data analytics and other value-added services provider serving enterprise clients, today announced its unaudited financial results for the three and six months ended June 30, 2022.

Second Quarter 2022 Financial Results

Revenues

For the second quarter of 2022, revenues decreased by \$7.61 million, or 52.3%, to \$6.95 million from \$14.55 million for the same period last year. The decrease in revenues was primarily attributable to the decrease in revenues from our Internet advertising and related services business segment, as a result of the repeated regional COVID-19 rebound in many provinces in China during the first half of fiscal 2022, which affected business of most of our small medium enterprises ("SMEs") clients.

Cost of revenues

Total cost of revenues decreased by \$7.74 million, or 52.4%, to \$7.03 million for the second quarter of 2022 from \$14.77 million for the same period last year. The decrease in cost of revenues was primary attributable to the decrease in costs associated with distribution of the right to use search engine marketing service we purchased from key search engines, which was in line with the decrease in the related revenues.

Gross loss and gross loss margin

Gross loss was \$0.08 million for the second quarter of 2022, compared to \$0.22 million for the same period last year. Overall gross loss margin rate was 1.2% for the second quarter of 2022, compared to 1.5% for the same period last year.

Operating expenses

Sales and marketing expenses was \$0.08 million for the second quarter of 2022, compared to \$0.07 million for the same period last year. The increase in sales and marketing expenses was mainly attributable to the increase in staff salaries, staff benefits and other general office expenses of our sales department in Guangzhou, as a result of the increase in business development activities of our Guangzhou office since the fourth fiscal quarter of 2021.

General and administrative expenses decreased by \$5.40 million, or 68.4%, to \$2.50 million for the second quarter of 2022 from \$7.90 million for the same period last year. The decrease in general and administrative expenses was mainly attributable to the decrease in share-based compensation expenses of \$6.73 million, which was partially offset by the increase in allowance for doubtful accounts of \$0.95 million and amortization of administrative assets of \$0.39 million.

Research and development expenses decreased by \$0.03 million, or 37.1%, to \$0.06 million for the second quarter of 2022 from \$0.09 million for the same period last year. The decrease in research and development expenses was primarily due to a reduction in headcount in the research and development department.

Operating loss

Loss from operations was \$2.71 million for the second quarter of 2022, compared to \$8.28 million for the same period last year. Operating loss margin was 39.1% for the second quarter of 2022, compared to 56.9% for the same period last year.

Other income, net

Total other income decreased to \$1.00 million for the second quarter of 2022 from \$4.61 million for the same period last year. The decrease was primarily attributable to the decrease in gain from change in fair value of warrant liabilities of \$3.33 million.

Net loss attributable to CNET and loss per share

Net loss attributable to CNET was \$1.71 million, or loss per share of \$0.05, for the second quarter of 2022. This was compared to a net loss attributable to CNET of \$3.65 million, or loss per share of \$0.11, for the same period last year.

First Half 2022 Financial Results

Revenues

For the first half of 2022, revenues decreased by \$8.35 million, or 36.4%, to \$14.60 million from \$22.95 million for the same period last year. The decrease in revenues was primarily attributable to the decrease in revenues from our Internet advertising and related services business segment, as a

result of the repeated regional COVID-19 rebound in many provinces in China during the first half of fiscal 2022, which affected business of most of our small medium enterprises ("SMEs") clients.

Cost of revenues

Total cost of revenues decreased by \$9.34 million, or 39.1%, to \$14.54 million for the first half of 2022 from \$23.88 million for the same period last year. The decrease in cost of revenues was primary attributable to the decrease in costs associated with distribution of the right to use search engine marketing service we purchased from key search engines, which was in line with the decrease in the related revenues.

Gross profit (loss) and gross profit (loss) margin

Gross profit was \$0.05 million for the first half of 2022, compared to a gross loss of \$0.94 million for the same period last year. Overall gross profit margin rate was 0.4% for the first half of 2022, compared to a gross loss margin of 4.1% for the same period last year. The generation of gross profit and improvement of our overall gross margin rate for the first half year of 2022 was mainly attributable to the improvement of gross margin rate of our main stream of service revenues, i.e. distribution of the right to use search engine marketing services.

Operating expenses

Sales and marketing expenses increased by \$0.05 million, or 45.5%, to \$0.15 million for the first half of 2022, compared to \$0.10 million for the same period last year. The increase in sales and marketing expenses was mainly attributable to the increase in staff salaries, staff benefits and other general office expenses of our sales department in Guangzhou, as a result of the increase in business development activities of our Guangzhou office since the fourth fiscal quarter of 2021.

General and administrative expenses decreased by \$4.85 million, or 54.5%, to \$4.05 million for the first half of 2022 from \$8.90 million for the same period last year. The decrease in general and administrative expenses was mainly attributable to the decrease in share-based compensation expenses of \$6.77 million, which was partially offset by the increase in allowance for doubtful accounts of \$0.95 million, amortization of administrative assets of \$0.78 million, and other administrative expenses of \$0.20 million.

Research and development expenses decreased by \$0.04 million, or 23.9%, to \$0.12 million for the first half of 2022 from \$0.16 million for the same period last year. The decrease in research and development expenses was primarily due to a reduction in headcount in the research and development department.

Operating loss

Loss from operations was \$4.26 million for the first half of 2022, compared to \$10.09 million for the same period last year. Operating loss margin was 29.2% for the second quarter of 2022, compared to 44.0% for the same period last year.

Other income, net

Total other income decreased to \$1.83 million for the first half of 2022 from \$7.10 million for the same period last year. The decrease was primarily attributable to the decrease in gain from change in fair value of warrant liabilities of \$5.05 million.

Net loss attributable to CNET and loss per share

Net loss attributable to CNET was \$2.43 million, or loss per share of \$0.07, for the first half of 2022. This was compared to net loss attributable to CNET of \$2.96 million, or loss per share of \$0.10, for the same period last year.

Financial Condition

As of June 30, 2022, the Company had cash and cash equivalents of \$4.45 million, compared to \$7.17 million as of December 31, 2021. Accounts receivable, net was \$3.24 million as of June 30, 2022, compared to \$3.44 million as of December 31, 2021. Working capital was \$9.82 million as of June 30, 2022, compared to \$11.10 million as of December 31, 2021.

Net cash used in operating activities was \$2.14 million for the second quarter of 2022, compared to \$5.33 million for the same period last year. Net cash used in investing activities was \$0.48 million for the second quarter of 2022, compared to \$4.36 million for the same period last year.
