- Revenues decreased by 20.7% to \$12.30 million for the third quarter of 2020, primarily due to the decrease in revenues from our Internet advertising and distribution of the right to use search engine marketing service business categories, as a result of the slow recovery after the COVID-19 outbreak.
- Gross loss was \$0.64 million with a gross loss margin of 5.2% for the third quarter of 2020.
- Loss from operations was \$1.40 million for the third quarter of 2020, compared to \$0.28 million for the same period of last year, primarily attributable to the decrease in gross profit, which was partially offset by the decrease in operating expenses.
- Net loss attributable to CNET was \$1.33 million, or loss per share of \$0.06, for the third quarter of 2020, compared to net loss of \$0.39 million, or loss per share of \$0.02, for the same period of last year.

"Despite continued decrease on a year-over-year basis, our third quarter revenues increased 18% sequentially and almost tripled from the trough level in the first quarter, highlighting the continuing post-pandemic recovery trend. Looking ahead, with restoring growth and profitability remaining a challenge for us in the near-term, we are actively pursuing new initiatives, opportunities, and strategic alternatives to right the ship," said Mr. Handong Cheng, Chairman and Chief Executive Officer of ZW Data Action Technologies.

For the third quarter of 2020, revenues decreased by \$3.20 million, or 20.7%, to \$12.30 million from \$15.51 million for the same period of last year. Cost of revenues

	2020	2019	% Change			
- Internet advertising and related data service	1,998	3,669	-45.5%

Ecommerce O2O advertisement and marketing services	375	0	NM

Total cost of revenues	12,945	14,616	-11.4%

Total cost of revenues decreased by \$1.67 million, or 11.4%, to \$12.95 million for the third quarter of 2020 from \$14.62 million for the same period of last year. The decrease in cost of revenues was primary attributable to the decrease in costs associated with the distribution of the right to use search engine marketing service we purchased from key search engines and cost related to providing Internet advertising services on our ad portals, which was in line with the decrease in the related revenues as discussed above.

Gross profit (loss) and gross profit (loss) margin

Gross loss was \$0.64 million for the third quarter of 2020, compared to gross profit of \$0.89 million for the same period of last year, which was primarily due to gross loss incurred from our main revenue stream, the distribution of the right to use search engine marketing service business category, as a result of the slow recovery of economy after the COVID-19 outbreak during the first quarter of 2020, which was partially offset by the increase in gross profit generated from Internet advertising business. Gross loss margin was 5.2% for third quarter of 2020, compared to gross profit margin of 5.8% for the same period of last year.

Operating expenses

Sales and marketing expenses decreased by \$0.05 million, or 47.7%, to \$0.06 million for the third quarter of 2020 from \$0.11 million for the same period of last year. The decrease in sales and marketing expenses was mainly attributable to the decrease in performance based salary and bonus expenses, due to the decrease in revenues.

General and administrative expenses decreased by \$0.23 million, or 27.5%, to \$0.59 million for the third quarter of 2020 from \$0.82 million for the same period of last year. The decrease in general and administrative expenses was mainly attributable to the decrease in general departmental expenses, as a result of cost reduction plan executed by management after the COVID-19 outbreak.

Research and development expenses decreased by \$0.13 million, or 52.7%, to \$0.11 million for the third quarter of 2020 from \$0.24 million for the same period of last year. Net loss attributable to CNET and loss per share

Net loss attributable to CNET was \$1.33 million, or loss per share of \$0.06, for the third quarter of 2020. This compared to net loss attributable to CNET of \$0.39 million, or loss per share of \$0.02, for the same period of last year.
